Empathy Map:

The empathy map helps understand the thoughts, actions, and emotions of loan applicants during the loan approval process. It highlights their need for a fast, transparent, and accurate system. These insights guided the development of the Smart Lender application, ensuring a user-friendly experience with quick and reliable loan eligibility prediction.

PERSONA NAME Credit Card Applicant

SAYS:

"I need my loan to be approved quickly."

"The process should be simple and transparent."

"I want an accurate and fair evaluation."

"I expect a reliable loan approval system."

Thinks:

"Will my loan application be accepted?"

"I hope my credit history is good enough"

"A faster decision will save me time."

"Technology can make loan approval more accurate."

DOES:

"Technology can make loan approval more accurate."

Checks the application status regularly.

Provides correct personal and financial details.

Uses the web application to check eligibility.

FEEL:

Anxious about the approval result.

Hopeful for a positive decision.

Confident when the process is smooth.

Satisfied with quick and reliable results.
