Customer Journey Map

Customer Journey Map is a visual representation of the user's experience while interacting with the Smart Lender system. It illustrates each stage of the customer's journey—from discovering the platform to receiving the loan prediction result. The map helps identify customer actions, touchpoints, thoughts, emotions, process ownership, and improvement opportunities, enabling the development of a more user-friendly and efficient loan prediction system.

Phase of journey	Stage1	Stage2	Stage3
Actions	User learns about the Smart Lender platform and its loan prediction service.	User enters personal and financial details into the application form.	User submits the application and receives the loan prediction result.
Touch Point	Website, Social Media, College Demo	Web Application Form	Prediction Result Page
Customer thought	"Can this system help me know my loan approval chances?"	"I hope my details are easy to enter and accurate."	"Will my loan be approved or rejected?"
Customer Feling	Curious and Interested	Hopeful	Excited and Anxious
Process Ownership	Marketing Team	User & System	Machine Learning Model
Oppurtunities	Increase awareness through online campaigns and demonstrations.	Simplify the form and provide input validation with clear instructions.	Improve prediction accuracy and provide results quickly.
